SENDERS PACKAGING AND DANGEROUS GOODS DECLARATION

I, the sender, declare that:

1. I have kept the battery inside the mobile phone where possible
2. Any loose batteries have been wrapped in bubble wrap or similar and sealed before putting in satchel so that each one is completely enclosed in inner packaging and will not come into contact with other items in the satchel.
3. There are no more than 2 batteries (either individually or secured within handset) in this package.
4. All mobile phone accessories (charger etc.) have been separated from the handset(s) or batteries and packed appropriately.
5. The package contains dangerous goods (Lithium battery) and that the articles contained in the package have been packed in accordance with the current Australian Code for the Transport of Dangerous Goods by Road and Rail.
6. The package does not contain any other dangerous or prohibited goods (apart from those specified above), eg explosives, flammables, corrosives, aerosols, etc.
7. I have not included any damaged or leaking batteries.

Sender's Details:

Sender's signature:*

Name:*

Address:

Telephone:*

Suburb:

State: Postcode:

AMTA ID:

*Mandatory

Some remote locations in Australia can only be reached by air. If you are based in such a location, Australia Post cannot guarantee that your package will reach its destination as lithium batteries are not accepted by air carriers in the mail. In such an instance, the package will be returned to sender.

*Smartphones suitable for use include iPhone 4 and above, Samsung Galaxy S4 and above, LG Nexus 7 and above, Nokia Lumia 540 and above, No cracked screens please

MobileMuster, is the only not for profit government accredited mobile phone recycling program in Australia. All mobiles and accessories that cannot be used by Able Australia will be recycled by MobileMuster to the highest environmental standards, none will be resold and any data left on the phone will be destroyed.
